Dear Rob,

As the manager of Evergreen Orthopedic Surgery Center, I wanted to let you know how much I appreciated you and your company as we worked together to move our Spine Surgery program into a reality. The process for us to purchase a surgical microscope for our procedures was as you remember very long. I appreciate your patience and understanding as you stuck by us and continued to offer advice and encouragement. We are extremely happy with the final purchase that we made and look forward to many future years of its use.

Your concern for our best interest, your service to our facility and your efforts here at our center during the installation process was terrific. I appreciate the time you spent with our staff and physicians during the in-services. I look forward to the opportunity to recommend you and your company to anyone in need of a surgical microscope.

Thank you again for all of your help.

Respectfully,

Sandy Rowe, RN
ASC Manager
Evergreen Orthopedic Surgery Center
